

## Thermal Pane Slider

TerraStar Building Products offers two in stock sizes of the thermal pane sliders 46" x 36" and a 46" x 24" (custom sizes available through special order). Each window is built with a J-trim frame that allows the G-Rib profile to be installed with no cut edges visible. It is advised to use a drip trim on the top of the window to prevent any water infiltration.

- ✓ Energy Efficient
- ✓ Nailing Flange
- ✓ J-Trim Frame
- ✓ Double Glazed
- ✓ 5/8" Air space for insulation
- ✓ 3 1/4" Welded Frame and sash corners prevent leaks and adds strength while keeping the windows square
