

DECRA ROOFING®

Stone Coated Steel Roofing Systems

As the original stone coated steel roofing system, the DECRA product line represents a perfect blending of 50 years of research and practical experience. Offering the ultimate in performance and engineering design is what Decra Roofing Systems are all about.

Manufactured using the finest lightweight aluminum-zinc alloy coated steel, covered with 3M ceramic coated stone granules and sealed with Decra's exclusive polymer coating, Decra Roofing Systems are the most beautiful, durable and trouble-free roofs available today.

Decra Shingle – Is an upscale design of a dimensional shingle which offers a classic look that features a traditional distinctive style. (hidden fasteners)

Decra Shake XD – offers the classic beauty and architectural detail of a thick, rustic, handsplit wood shake combined with the superior performance and longevity of steel. (hidden fasteners)

Decra Villa Tile – combines the superior performance of steel with the classic beauty, elegance and architectural detail of an old world Italian tile. (hidden fasteners)
