

# **ARY-FOIL**

## **Reflective Insulation**

Ary-Foil is one of the most cost effective energy saving products on the market. Its multiple characteristics make it one of the best solutions for construction or retrofit in residential, commercial, agricultural, HVAC, metal buildings and post frame buildings. With the increasing demand for energy efficient and environmentally safe products, AYR-FOIL will bring more benefits than any other types of insulation.

## **Uses and Applications**

Crawl Space  
Insulating Vapor Barrier for wall and ceiling  
Inside Retrofit  
Concrete Foundation Walls  
Block Foundation Walls  
Metal Building Insulation  
Post Frame Insulation  
Pole Barn Insulation  
Attic Barrier  
Water Pipes

Air Ducts  
Water Tank Heaters  
Underneath a concrete slab  
Radiant heating under a wood floor  
Concrete floor insulation  
Under pad for carpet / Laminated flooring  
Garage Door Insulation  
Cathedral Ceiling  
Sheds  
Fishing / Hunting Huts

## **Benefits**

Environmentally safe  
Reflectivity against radiant energy up to 97%  
No support for fungi and bacteria  
No nesting for insects and rodents  
High moisture and puncture resistance  
Creates a thermal break

Anti-static, not harmful to computers  
Not affected by bad weather or frost  
100% water proof  
Easy to install  
No special tools required  
Energy Efficient
